SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled in all programs and schedules at the school. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the Federal regulations established by the United States Department of Education. It is printed in the catalog to ensure that all students receive a copy prior to enrollment.

Satisfactory academic progress is defined by the following criteria:

A minimum cumulative grade average of 75%. The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning.

A minimum cumulative attendance average of 67% of all scheduled class time.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. In order to be considered to be making SAP all students must meet the above minimum requirements at official checkpoints for each program as described below. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation.

Official Evaluation Periods:

Satisfactory Academic Progress (SAP) is determined according to Official Evaluation periods for each course. Official Evaluation periods are based on actual time completed versus scheduled hours.

The amount of clock hours in each payment period varies according to the course as noted below. Since we are a clock-based institution and not term based, we do not have a summer term.

Cosmetology:	At 450, 900, and 1200 actual hours
Cosmetology Instructor	At 450 and 900 actual hours

Consultation with a school official will be scheduled at the end of each payment period. Students will receive a written notice of their official SAP determination including a description of actions required should the student be deemed to be below the SAP standards.

Financial Aid Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Re-Establishment of Satisfactory Academic Progress:

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Financial Aid Probation:

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation. If the student appeals the decision, and prevails upon appeal, the student is considered to be making satisfactory academic progress while during the probationary period. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Appeal Procedure:

- I. The student must appeal in writing. The appeal will include the following:
 - a. The cause of the student not meeting minimum SAP standards.
 - b. The student must explain what circumstances have changed that will allow them to meet SAP at the end of the next payment period.
 - c. Attach medical or other official documentation to verify.
2. Hair Professionals must verify that the student could feasibly regain SAP by the end of the next payment period for both academic and attendance standards.
3. The following are acceptable examples to file an appeal:
 - a. death of a family member
 - b. injury or illness of the student
 - c. extenuating unusual circumstances
4. The school will notify the student of a decision within 30 calendar days. If an appeal is denied, the student has the option of continuing the program on a cash pay basis. The appeal and decision documents will be retained in the student file.

Re-Establishment of Financial Aid Eligibility

If applicable, Title IV financial aid will be re-instated to qualified students who have prevailed upon appeal or who have re-established satisfactory academic progress by meeting the minimum cumulative attendance and academic requirements.

Withdrawals

Students who withdraw prior to completion of the course and wish to re-enroll in the same program, will return in the same satisfactory academic progress status as at the time of withdrawal. Students who withdraw from a program to enroll in a different program at the institution will start over for establishing SAP, unless any hours from the first program are used as transfer hours, then the student would stay in the same SAP status as the first program. If a student finishes one program at the institution and then enrolls in a different program at the institution, their SAP status would start over in the second program.

Course incompletes/repetitions/non-credit remedial courses:

Course incompletes, repetitions, and noncredit and remedial courses do not apply and do not affect SAP.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the school.

MAXIMUM TIME FRAME

The time frame in which a student must complete the program may not be more than 150% of the published length of the program, based on 100% attendance schedule measured in clock hours completed. The periods during which a student doesn't receive Title IV aid will be counted toward maximum timeframe.

Students who are unable to complete the course within the maximum timeframe are not eligible for Title IV funds. However, they may continue as a student at the institution on a cash pay basis.

GRADING SCALE

Students are evaluated in the following areas: Theory, Practical and Laboratory (Clinic). The following grading system is used:

90 – 100	A	Above Average
80 – 89	B	Average
75 – 79	C	Below Average
Below 75		Failing

SATISFACTORY ACADEMIC PROGRESS FOR ELIGIBLE PERSONS RECEIVING VETERANS EDUCATION BENEFITS

To be eligible for Veterans' Educational Benefits, students attending under this program must meet the requirement of 75% grade average in both academic and attendance standards. The remainder of the probationary standards is the same for all students. (Refer to page 9 - Probation)

V.A. Students will not be certified when they fail to make Satisfactory Academic Progress.

LOAN PERIODS

First and second year loan periods are determined based on the schedule of attendance. The following is a list of each schedule and the length of each loan period:

# of hours per week	length of 1st year loan period	length of 2nd year loan period
30.0 & 30.5	7 months	5 months
23.5	9 months	6 months
15	14 months	10 months
13.5	15 months	11 months

For example: If a student starts on 1/16/18 and attends 23.5 hours per week, the first year loan period would be 1/16/18 to 10/11/18 and the second year loan period would be 10/12/18 to 04/12/18.

REINSTATEMENT OF FINANCIAL AID RESPONSIBILITY

Improving their attendance average to the designated standard of the Satisfactory Academic Progress definition, that is, 67% of all scheduled class time, can reinstate students who have lost eligibility for financial aid by reason of low attendance. Students who have lost eligibility for financial aid by reason of failing to maintain the minimum grade average of 75% can be reinstated by improving their academic average to 75%. In cases of mitigating circumstances, special arrangements may be made with school officials. These will be handled on an individual basis.

RELATED THEORY

A minimum standard of 75% is established in each subject. Tests are given after each chapter. If a student is retaking a failed test, the student receives the higher passing grade above 75%.

PRACTICAL WORK

A minimum accessible standard of 75% performance is established for all practical skills. Fail requires further practice to achieve a passing level (75%).

TUITION REFUND POLICY

Tuition refund requests are to be directed to the Executive Office. The following schedule of tuition adjustments is authorized:

If a student terminates his or her program, a state refund calculation will be done. For students eligible for Title IV Funds, the Return to Title IV calculation will be used to determine the amount of Federal Title IV funds that may be credited to the student's account. For any remaining balance due, the student will be personally responsible and the State Refund Policy will be used.

- A. An applicant not accepted for training by the school shall be entitled to a refund of all monies paid.

- B. If a student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her enrollment and requests his/her money back in writing within five (5) business days of signing an enrollment agreement or contract, all monies collected by the school shall be refunded. The postmark on written notification will determine the cancellation date, or the date said information is delivered to the school administrator/owner in person. This policy applies regardless of whether or not the student has actually started training.
- C. If a student cancels his/her enrollment after the 5 business days after signing but prior to entering classes, he/she shall be entitled to a refund of all monies paid the school, minus \$100 non-refundable Registration Fee.
- D. For students who enroll in and begin classes, the following policies apply:

STATE REFUND POLICY

25% - 49.9%	70% of tuition*

	* Plus Non-Refundable Registration Fee and Class Kit

Refunds will be made in the following order: Unsubsidized Direct Loan, Subsidized Direct Loan, PLUS Loan, Pell Grant, and Student. All refunds of monies due the student/applicant will be paid by the school within thirty (30) days after written notice to the school of termination or cancellation. Any sums of money, calculated as above, due the school at the time of termination shall be paid to the school by the student within thirty (30) days of termination.

Enrollment time is defined as the time elapsed between the actual starting date specified herein, and the date upon which the student/applicant terminates his or her enrollment. Termination shall occur upon the student's/applicants last day of physical attendance in the school. Unexplained absence from school for more than fifteen (15) days shall constitute notice of cancellation. If there is notification of extenuating circumstances student will be allowed a maximum of 30 days before termination. Student/ Applicants not accepted by the school shall receive a refund of all tuition and fees paid. Deposits or down payments become part of the tuition.

The school shall mail a written acknowledgement of a student's cancellation or written withdrawal with fifteen (15) calendar days of the postmark date of notification. In case of student/applicant illness, disabling accident, or other circumstances beyond the student's/applicant's control rendering a continuation of instruction impossible, the student/applicant or his or her parent or guardian should contact the Administrative Office for tuition adjustment. If the school is permanently closed and no longer offering instruction after a student/applicant has enrolled; the student/applicant shall be entitled to a pro-rata refund of tuition.

If a course is cancelled subsequent to a student's enrollment, the school shall at its option:

1. Provide a full refund of all monies paid; or
2. Provide completion of the course

RETURN TO TITLE IV POLICY

The Federal Return of Title IV funds formula (R2T4) dictates the amount of Federal Title IV aid that must be returned to the federal government by the school and/or the student. The federal formula is applicable to an eligible student receiving federal aid when that student withdraws at any point during the payment period.

If a student did not start or begin attendance at the school, the R2T4 formula does not apply.

Official Withdrawal Process: If a student wishes to withdraw from school, they must notify the Financial Aid Officer of the school. The notification may be in writing or orally. The date the notification is received is the date of determination. The Financial Aid Officer must begin the withdrawal process.

For unofficial withdrawals a student's withdrawal date at a school that is required to take attendance is their last day of physical attendance. Their date of determination is 14 days after they cease attendance.

The federal formula requires a Return of Title IV calculation if the student received or could have received (based on eligibility criteria) federal financial assistance in the form of Pell Grants, Direct Loans or Direct PLUS Loans, FSEOG, TEACH, and Iraq Afghanistan Service Grants (IASG) during the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before the 60% point of time. After the 60% point of the payment period the student is considered to have earned 100% of the aid for the period. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%.

The percentage of the payment period completed is calculated by the hours scheduled in the payment period as of the withdrawal date divided by the scheduled hours in the payment period.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date.

If a student receives less Title IV funds than the amount earned, the school will offer the student a disbursement of the earned aid that was not received at the time of their withdrawal which is called a post-withdrawal disbursement. Post-withdrawal disbursements will be made from Pell Grant funds first, if the student is eligible. If there are current educational costs still due the school at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any remaining Pell funds must be released to the student without the student having to take any action. The funds must be released as soon as possible but no more than 45 days after the date of determination. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the school must receive the student's authorization before crediting their account.

If a credit balance still exists on the student's account after the R2T4 and institutional refund calculations are done, that credit balance must be used to pay any grant overpayment that exists based on the current withdrawal within 14 days from the date that the R2T4 (calculation was performed). The overpayment must be eliminated prior to offering a credit balance to a student.

The following Title IV return distribution is used for all FSA students.

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Direct PLUS Loan (Parent)
4. Federal Pell Grant
5. Iraq Afghanistan Service Grant

Returns must be made as soon as possible to the federal programs but no later than 45 days after the date of determination.

The law requires that a student is responsible for all unearned Title IV program assistance that the school is not required to return. This is determined by subtracting the amount returned by the school from the total amount of unearned Title IV funds to be returned.

MAKE-UP POLICY

Make-up hours are an earned privilege which allow students the ability to complete additional hours outside of their regular scheduled hours. A student may earn the opportunity to make up hours in a given week by having perfect attendance the previous week. Students are allowed to make up hours outside of regular scheduled hours as long as space is available, and with the permission of the school manager.

CODE OF PROFESSIONAL CONDUCT

Professional conduct is the only level of conduct we expect from our Students. A "professional" does not arrive 15 minutes late. He/she is constantly taking time to follow rules of good grooming and proper sanitation. The following rules are important. If a Student disobeys them, he/she may be dismissed from the School. The rules reflect the level of conduct Students will be expected to maintain throughout a professional career. The best way to begin that career is for the Student to act like the professional he/she desires to be.

1. The following "Hair Professionals uniform" for Cosmetology Students must be worn at all times: Hair Professionals black apron and nametag, solid black pants or skirt, a solid black top, and solid black closed toe, low heel professional shoes. Socks and hose are not required, but if worn, must be black. The following items are not acceptable within the dress code: hoodies, tank tops, midriiffs, sleeveless tops, jeans, shorts, overalls of any style or cut, cut-off's, pants with excessively wide legs or ragged bottoms, sweats or any other active wear, gym shoes. However, jeans may be worn on designated days. Hats or coats may not be worn in school. The dress code is regularly updated and may be modified at any time by the School.
2. Student will be required to clock in and out of School by using our "handlink" time clock. Student will need to hand swipe in and out when entering and leaving the School and during the lunch period. Students have five minutes after 9:00 to clock in and be admitted to class. When the clock reads 9:06 he/she is considered late and cannot be admitted to Theory class. The Time Clock is the official documentation of clock hours received. Students are responsible for clocking in and out appropriately to receive credit for their hours. If a Student forgets to clock in or out, staff members of the School can not adjust hours. Any deliberate misuse of the time clock may result in termination of the program.
3. Any schedule other than the schedule shown on the Student's Enrollment Agreement must be approved by The Administrative Office. Student must submit request for schedule change in writing. If request for schedule change is approved by the School, the Student must pay a \$40 schedule change fee.
4. All Students must have a minimum of one-half hour of sanitation completed daily.
5. All Students must have approved equipment and textbooks with them at all times. It is recommended by the School that the Student mark all of his/her equipment and also personal belongings with Student's name or initials. The School assumes no responsibility for the loss of any personal or other property owned by the Student. Students are cautioned to keep their property secure and to respect the property and rights of others.
6. No Student is allowed to perform any services without a sales slip from the desk. No Student is allowed to transfer guests without permission. All Students pay Student prices for beauty supplies used for personal use and must have a teacher's permission in writing on the sales slip. Students have the privilege of receiving any of the School's guest services at one-half of the posted price.
7. No drugs or alcoholic beverages are allowed on the premises of any Cosmetology School in the State of Illinois. Any Student found in violation of this rule will be dismissed immediately.
8. No eating, smoking or drinking is permitted on the Student Salon floor or during classes.

10. Students must notify the School if they will be absent for any reason. Students may use up to 10% of the program length as excused absences. Any absence over 10% will be unexcused and may result in overtime charges. Students absent, without notice, for a period of (15) calendar days may be dropped from the program.
11. If a Student drops from the program, he/she must vacate his/her station. Personal effects left in the School after fifteen (15) days will be removed. The School assumes no responsibility for those items and they will be disposed of in any way that is convenient.
12. Any Student found to be involved in stealing from another Student or from the School will be dismissed immediately.
13. Any Student guilty of willful destruction of School property or threats to the School, staff, or another Student will be dismissed immediately.
